Respected Colleagues,

Greetings and warm regards!

MaxFacIndia is an organization - established at Pune, Maharashtra in 2017 - which is focused on the professional development of maxillofacial prosthodontics in India. This is being accomplished through the following means:

- **Patient Treatment Services** - for patients requiring maxillofacial prosthetic care.
- **Silicone Laboratory Services** - for clinicians requiring auxiliary support.
- **Partnership with Technovent Ltd., UK** - to make medical-grade silicone materials available.
- **Training Provider** - to provide hands-on training in maxillofacial prosthetics.

ABOUT THE PROGRAM

Trauma or carcinoma may necessitate enucleation of the eye resulting in an ocular defect. The artificial replacement is known as an Ocular Prosthesis and is customized to fit the exact size and contour of the healed defect.

Making a life-like custom ocular prosthesis is a challenging task and centers around the step of iris matching with the patient's normal eye. The restoring clinician must develop expertise in both the artistic and technical skills required to achieve a satisfactory result.

It is our endeavour at MaxFacIndia to guide the interested learner on the above aspects with emphasis on a simplified technique.

We look forward to your participation in the workshop.

..... Regards,

The Organizing Team

PROGRAM ITINERARY

DAY 1

| | |
|------------------|---|
| 8.30 - 9.00 am | Breakfast & Inauguration |
| 9.00 - 10.00 am | Lecture + Video Demo - Custom Ocular Prosthetics - Custom Tray Fabrication |
| 10.00 - 12.30 pm | Demos + Hands On - Impression + Index + Wax Pour |
| 12.30 - 1.30 pm | Clinical Demo - Wax Pattern Trial + IP Centring |
| 2.30 - 4.00 pm | Hands On - Wax Pattern Trial + IP Centring |
| 4.00 - 5.00 pm | Video Demo - Mould Making + Acrylization |
| 5.00 - 7.00 pm | Clinical + Lab Demos - Iris Painting + Scleral Painting + Veining + Clear Acrylic |

DAY 2

| | |
|------------------|---|
| 9.00 - 10.00 am | Lecture - MaxFac Prosthetics : Scope & Future |
| 10.00 - 12.30 pm | Hands On - Iris Painting + Scleral Painting + Veining + Clear Acrylic |
| 12.30 - 1.30 pm | Clinical Demo - Prosthesis Delivery |
| 2.30 - 3.30 pm | Video Demo - Other Techniques |
| 3.30 - 5.30 pm | Hands On - Prosthesis Finishing + Fitting |

Our training methodology is quite comprehensive with demonstrations given on each step by the faculty. This is followed by practical hands-on activity by the participants on patient simulator models.

Kindly note: Clinical demonstrations on patients will be provided where possible. Guest lectures may also be added to the itinerary depending on faculty availability.
