Respected Colleagues,

Greetings and warm regards!

MaxFacIndia is an organization - established at Pune, Maharashtra in 2017 - which is focused on the professional development of maxillofacial prosthodontics in India. This is being accomplished through the following means:

- **Patient Treatment Services** - for patients requiring maxillofacial prosthetic care.
- **Silicone Laboratory Services** - for clinicians requiring auxiliary support.
- **Partnership with Technovent Ltd., UK** - to make medical-grade silicone materials available.
- **Training Provider** - to provide hands-on training in maxillofacial prosthetics.

ABOUT THE PROGRAM

Trauma or carcinoma may necessitate enucleation of the eye resulting in an ocular defect. The artificial replacement is known as an Ocular Prosthesis and is of 2 types: Temporary - in which a stock shell is arbitrarily fitted to the size of the defect; and Permanent - in which a custom prosthesis is made to fit to the exact size and contour of the defect.

Making a life-like custom prosthesis is a challenging task and centers around the step of iris matching with the patient's normal eye. This can be done either by retrieving a matching iris from a stock shell or by hand painting the iris on an acrylic disk. In both scenarios, correct incorporation of the matched iris disk into the prosthesis is technically challenging.

It is our endeavor at MaxFacIndia to guide the interested learner on the above aspects with emphasis on 2 simplified techniques.

We look forward to your participation in the workshop.

..... Regards,

The Organizing Team

DAY 1

08.30-09.15 am	Breakfast & Inauguration
09.15-10.45 am	Discussion - Scope of Maxillofacial Prosthodontics - Outline of Techniques
10.45-11.00 am	Tea / Coffee
11.00-12.30 pm	Practical - Custom Tray - Impression Making
12.30-01.45 pm	Practical - Wax Pattern Contouring
01.45-02.30 pm	Lunch
02.30-03.30 pm	Practical - Lens Fabrication
03.30-04.15 pm	Practical - Iris Painting (A)
04.15-04.30 pm	Tea / Coffee
04.30-05.15 pm	Practical - Iris Painting (B)
05.15-06.00 pm	Practical - Lenses Sealing

DAY 2

08.30-09.00 am	Breakfast
09.00-11.00 am	Practical - Iris Incorporation (A) - Investing
11.00-11.15 am	Tea / Coffee
11.15-01.00 pm	Practical - Iris Incorporation (B)
01.00-01.45 pm	Practical - Acrylization
01.45-02.30 pm	Lunch
02.30-04.00 pm	Practical - Veining - Clear Lens Processing
04.00-04.15 pm	Tea / Coffee
04.15-05.30 pm	Practical - Prostheses Finishing
05.30-06.00 pm	Valedictory
