

MaxFacIndia

**DEDICATED TO THE DEVELOPMENT OF
MAXILLOFACIAL PROSTHETICS IN INDIA**

www.maxfacindia.in

Cordially Invites You to

PUNE, MAHARASHTRA

for Hands-On Training Course

'Finger Prosthesis in Medical-Grade Silicone'

COURSE DATES

28th, 29th and 30th March 2026

COURSE INSTRUCTORS

Dr. Mohit T. Dudani

BDS, MDS - Prosthodontics
MSc MFCT (King's College, London)
Founder

Dr. Swati M. Dudani

BDS
Founder

COURSE INTAKE: 3 DELEGATES

COURSE FEE: RS. 30000/-

Training Venue
The Capital
A-Wing, Unit 202
Baner-Pashan Link Rd
Pune - 411045
Maharashtra

Respected Colleagues,

Greetings and warm regards!

MaxFacIndia is an organization - established at Pune, Maharashtra in 2017 - which is focused on the professional development of maxillofacial prosthodontics in India. This is being accomplished through the following means:

- **Patient Treatment Services** - for patients requiring maxillofacial prosthetic care.
- **Silicone Laboratory Services** - for clinicians requiring auxiliary support.
- **Partnership with Technovent Ltd., UK** - to make medical-grade silicone materials available.
- **Training Provider** - to provide hands-on training in maxillofacial prosthetics.

ABOUT THE PROGRAM

Anaplastology or Maxillofacial Prosthetics is a branch of medicine dealing with the prosthetic rehabilitation of an absent, disfigured or malformed anatomically critical location of the face or body. Developing required clinical and laboratory skills in this field is a challenging task for the interested clinician.

Partial or complete absence of a digit (finger or toe; single or multiple) is most commonly caused by trauma and impacts the patient's self-image & standing in society. A silicone prosthesis is a suitable cosmetic solution and can be retained by means of either vacuum (suction), a ring, or an implant.

This 3-days hands-on training workshop will focus on the clinical and technical aspects involved in the fabrication of a stump-retained digit prosthesis (by suction) in medical-grade silicone - with emphasis on a simplified technique.

We look forward to your participation in the workshop.

..... Regards,

The Organizing Team

PROGRAM ITINERARY

DAY 1

9.00 - 10.00 am	Lecture - Digit Prosthetics
10.00 - 12.00 pm	Clinical Demo - Impressions
12.00 - 1.00 pm	Video Demo - Stump Models + Wax Pour - Stump Reduction + Trial Sleeve
2.00 - 4.00 pm	Lab Demo + Hands On - Wax Pour + Stump Reduction
4.00 - 5.00 pm	Video Demo - Wax Tip Adjustment + Nail Mould
5.00 - 7.00 pm	Hands On - Impressions

DAY 2

9.00 - 11.00 am	Clinical + Lab Demos - Wax Pattern + Nail Matching
11.00 - 12.30 pm	Lab Demo - Wax Pattern Sculpting
12.30 - 1.30 pm	Video Demo - Texturing + Mould Making
2.30 - 6.30 pm	Hands On - Nail Colour Matching - Wax Pattern Sculpting
6.30 - 7.30 pm	Lecture - Silicone Chemistry & Colour Science

DAY 3

9.00 - 12.30 pm	Clinical Demo + Hands On - Intrinsic Colouration
12.30 - 1.30 pm	Lab Demo - Prosthesis Retrieval + Finishing
2.30 - 4.30 pm	Clinical + Lab Demos - Ext. Colouration + Nail Bonding
4.30 - 5.30 pm	Clinical Demo - Prosthesis Fit.
5.30 - 8.00 pm	Hands On - Ext. Colouration + Nail Bonding

Kindly note: Clinical demonstrations on patients will be provided where possible. Guest lectures may also be added to the itinerary depending on faculty availability.

TRAINING

REGISTRATION FEES

- Rs. 30000 per delegate
- Intake is limited to 3 delegates.
- Course fees are inclusive of breakfast, lunch and tea.
- Training materials and instruments will be provided by the organizers.
- Course fees are not inclusive of accommodation.

REGISTRATION PROCEDURE

- Call us at 78878 00053 / 020 29526609.
- Visit Training section on website www.maxfacindia.in
- Fill up your details and follow the payment instructions.
- We will send you a confirmatory email and receipt.

COURSE OFFERS

- 5% discount on purchase of a Technovent, UK Silicone Kit - Starter or Master.

2025-26 Schedule

Date	Course Title	Fee
16-17 Aug	Medical-Grade Silicone Handling	Rs. 22000
18-20 Aug	Auricular Prosthesis in Medical-Grade Silicone	Rs. 30000
20-21 Sep	Custom Ocular Prosthesis with Iris Painting	Rs. 22000
22-24 Sep	Orbital Prosthesis in Medical-Grade Silicone	Rs. 30000
22-24 Nov	Finger Prosthesis in Medical-Grade Silicone	Rs. 30000
TBA	Medical-Grade Silicone Handling	Rs. 22000
TBA	Auricular Prosthesis in Medical-Grade Silicone	Rs. 30000
TBA	Custom Ocular Prosthesis with Iris Painting	Rs. 22000
TBA	Orbital Prosthesis in Medical-Grade Silicone	Rs. 30000
TBA	Finger Prosthesis in Medical-Grade Silicone	Rs. 30000

TBA - Dates to be announced for Round 2.

- Starter Kit - @ Rs. 36500 - with discount - @ Rs. 34675
- Master Kit - @ Rs. 62000 - with discount - @ Rs. 58900
- Validity: 3 months after course completion
