Respected Colleagues,

Greetings and warm regards!

MaxFacIndia is an organization - established at Pune, Maharashtra in 2017 - which is focused on the professional development of maxillofacial prosthodontics in India. This is being accomplished through the following means:

- **Patient Treatment Services** - for patients requiring maxillofacial prosthetic care.
- **Silicone Laboratory Services** - for clinicians requiring auxiliary support.
- **Partnership with Technovent Ltd., UK** - to make medical-grade silicone materials available.
- **Training Provider** - to provide hands-on training in maxillofacial prosthetics.

ABOUT THE PROGRAM

Anaplastology or Maxillofacial Prosthetics is a branch of medicine dealing with the prosthetic rehabilitation of an absent, disfigured or malformed anatomically critical location of the face or body. Developing required clinical and laboratory skills in this field is a challenging task for the interested clinician.

Partial or complete absence of a digit (finger or toe; single or multiple) is most commonly caused by trauma and impacts the patient's self-image & standing in society. A silicone prosthesis is a suitable cosmetic solution and can be retained by means of either vacuum (suction), a ring, or an implant.

This 3-days hands-on training workshop will focus on the technical aspects involved in the fabrication of a stump-retained digit prosthesis (by suction) in medical-grade silicone - with emphasis on a simplified technique.

We look forward to your participation in the workshop.

..... Regards,

The Organizing Team

PROGRAM ITINERARY

DAY 1

| | |
|----------------|--|
| 08.30-09.15 am | Breakfast & Inauguration |
| 09.15-10.45 am | Discussion - Scope of Maxillofacial Prosthodontics - Outline of Techniques |
| 10.45-11.00 am | Tea / Coffee |
| 11.00-12.30 pm | Practical - Stump & Donor Finger Impressions |
| 12.30-01.45 pm | Practical - Working Model - Donor Wax Pattern |
| 01.45-02.30 pm | Lunch |
| 02.30-04.00 pm | Practical - Stump Reduction |
| 04.15-06.00 pm | Practical - Wax Pattern Orientation |
| 06.00-07.00 pm | Practical - Hand Impressions |

DAY 2

| | |
|----------------|---|
| 08.30-09.00 am | Breakfast |
| 09.00-11.00 am | Practical - Wax Pattern Sculpting |
| 11.15-12.00 pm | Practical - Wax Pattern Texturing |
| 12.00-01.30 pm | Practical - Nail Mold Making |
| 02.15-03.45 pm | Practical - Finger Mold Making (A) |
| 04.00-05.30 pm | Practical - Finger Mold Making (B) |
| 05.30-07.00 pm | Practical - Nail Making |

DAY 3

| | |
|----------------|---|
| 09.00-11.00 am | Practical - Silicone Chemistry - Intrinsic Coloration |
| 11.15-01.00 pm | Practical - Intrinsic Coloration - Mold Packing |
| 01.45-03.15 pm | Practical - Prosthesis Retrieval - Silicone Finishing |
| 03.15-04.00 pm | Practical - Nail Bonding |
| 04.15-05.30 pm | Practical - Extrinsic Coloration |
| 05.30-06.00 pm | Valedictory |
